ULTIMATE SPIDER-MAN™

[Ultimate Spiderman The Game Pc](#)

Which uh, we hear were pretty good. For those of us not into the mylar-bag scene, USM takes the familiar pantheon of Spider-Man characters and reimagines them both visually and narratively, remixing the well-known story of Peter Parker.. And if you are into the comic, you're in luck: The game features a story and dialogue written by renowned Ultimate Spider-Man comic scribe Brian Michael Bendis, and the plot fits into comic continuity right after the end of the Venom story line from issues #33 to #39.
